PREFACE	1
EXECUTIVE SUMMARY	3
THE REPORT OVERVIEW	7
I INTRODUCTION	9
II GENERAL FRAMEWORK FOR WATER PLANNING AND MANAGEMENT	11
1. Legal Framework	11
2. Institutional Framework	14
3. Cultural, Historical and Technical Factors Affecting the Present Institutional System	27
4. Liaison Between Water Resources Planning and Social and Economic Development	40
5. Institutions and Mechanisms for the Integration of Sectorial Water Requirements in Global Water Management and Planning	44
6. Economic Principles and Mechanisms	45
7. Co-ordination and Development of Research and Training in Water Management	54
III AVAILABILITY AND USES OF WATER	59
A) Availability of Water	59
8. Hydrological Characterisation	59
9. Characterisation of Water Quality	65
B) Uses of Water	69
10. Ecosystem Management	69
11. Public Water Supply	70
12. Public Wastewater Disposal	73
13. Industry (including cooling)	73
14. Agriculture	73

CONTENTS (Continued)	Page
15. Hydropower	75
16. Navigation	75
17. Professional Fishing and Fish Farming	75
18. Recreation at Rivers, Lakes and Reservoirs	76
19. Dredging and mining	78
20. Flood Control and Land Drainage	79
C) Balance of Availability and Needs	81
21. Ratio of Demand and Availability	81
22. Sectoral Ratios of Water Use in Agriculture, Energy and Industry	85
23. Regional and Sectoral Stresses on Water	86
IV PUBLIC AND PRIVATE ACTORS AND THEIR ROLES AT DIFFERENT LEVELS OF WATER PLANNING AND MANAGEMENT	89
A) Actors at National, Regional and Local levels	89
24. Description of Governmental and Non-Governmental Institutions Directly Contributing to Water Management	89
25. Global and Sectoral Mechanisms or Institutions for Water Planning	89
26. Judiciary System and other forms of Conflict Resolution	90
27. Mechanisms for Public Participation	94
B) Interface with the European Union and Other International Bodies	99
28. Governmental Agencies Responsible for Participating in the Definition of Union Policies	99
29. Agencies, Procedures and Difficulties in the Implementation and Enforcement of EU Directives	100
30. Transboundary Water Problems, Agreements and Bodies	103
31. Other International Accords relevant to Water Management	103
C) Specific roles of NGOs and Other Interest Groups	105
32. Environmental and consumer NGOs	105
33. Trade associations	105
34. Professional and scientific associations	105
V MAIN FUNCTIONS IN WATER PLANNING AND MANAGEMENT	107
A) Policy Making and Water Resources Planning	107
35. Policy Making	107
36. Water Planning	107

CONTENTS (Continued)	Page
B) Water Resources Management	117
37. Ecosystem Management	117
38. Hydropower	128
39. Navigation	130
40. Leisure and Recreation	130
41. Other Instream Uses of Water - Flood Defence	131
41a. Research, Development and Innovative Solutions	134
C) Water Abstraction and Supply for Various Uses	136
42. Water Abstraction and Supply - Initiative and Decision Making	136
43. Water Abstraction and Supply - Financing and building	137
44. Water Abstraction and Supply - Operating and Maintaining	139
45. Water Abstraction and Supply - Regulation and Control	140
46. Water Abstraction and Supply - Research, Development and Innovative Solutions	145
46a. Water Abstraction and Supply - Scotland and Northern Ireland	146
D) Wastewater Disposal from Various Uses	147
47. Wastewater Disposal - Initiative and decision making	147
48. Wastewater Disposal - Financing and Building	148
49. Wastewater Disposal - Operating and Maintaining	149
50. Wastewater Disposal - Regulation and Control	149
51. Wastewater Disposal - Research, Development and Innovative Solutions	151
VI RELEVANT TRENDS IN WATER PLANNING AND MANAGEMENT	153
52. Major Trends in Water Use	153
53. Pending Policies and Legislation	153
54. Regional versus Central	157
55. Public versus Private	158
56. Other Major Trends in Institutional Arrangements	159
57. Current Trends in Research and Development	160
VII GLOBAL APPRAISAL OF THE INSTITUTIONAL SYSTEM FOR WATER PLANNING AND MANAGEMENT	163
58. Most Relevant Merits of the Existing System	163
59. Potential Shortcomings and Conflicts of the Existing System	171
60. Overall Appraisal	174
